※1保険二重加入者様向け

Plans for students who are mandatorily enrolled in the local insurance system of their study abroad destination.

Regarding the N・O・P plan, the premium is lower, but the coverage for medical treatment expenses is also lower than other plans. The cost of emergency transportation by chartered aircraft from Europe to Japan may cost more than 30 million yen. Medical treatment and transportation costs that exceed the coverage amount will be billed to the local insurance system or paid by the customer.
