

About ANPIC

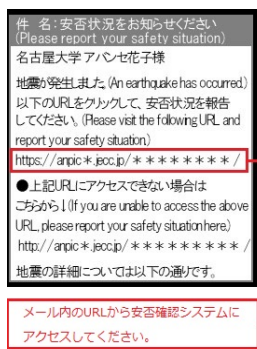

When an earthquake of which seismic intensity (JMA) is larger than lower 5 in Aichi Prefecture occurs, ANPIC obtains the earthquake information announced by Japan Meteorological Agency (JMA) and send an mail to you for your safety confirmation from email address **[no-reply@jecc.jp]**. (Refer to below figures.) If you receive this email, please follow the instructions contained in the safety confirmation request email sent from ANPIC to fill in your safety confirmation. ANPIC is also available on LINE or Application. (Refer to “How to use the applications”.)

Though you had better reply as soon as possible, please do so after at least ensuring safety by evacuation etc.. In addition, in the case of a disaster other than the above, the university administrator will manually send an email as necessary in consideration of the impact of the disaster.

Email address registration to ANPIC

Your organization email address will be registered to ANPIC by the university at the beginning of the fiscal year as an emergency contact email address. **Please set up your mobile phone or other devices so that you can receive email from ANPIC anytime, anywhere.**

Addressed reception settings (If you cannot receive the email from ANPIC)

If you cannot receive the email from ANPIC, please specify reception of email address **[no-reply@jecc.jp]**. About how to set reception of email, please refer to URL <https://www.anpic.jp/mailinfo/>.

How to use the applications

You can avoid accessing the URL in the email by using the smartphone application or LINE. After initial settings on the Nagoya University ANPIC initial setting site <https://anpic-v-nagoya-u.jecc.jp/nagoya-u/regist/>, download the application to your smartphone and make the settings. For more information, refer to “About Nagoya University Safety Confirmation System” on the Disaster Management Office website (https://www.saigai.nagoya-u.ac.jp/?page_id=1862&lang=en).

Contact about ANPIC

For more information, please refer to Disaster Management Office website. If you can not receive the safety confirmation email, contact Disaster Management Office by email.
