

Notice: Regarding Attendees Accompanying Graduates to the Degree Conferment Ceremony Venue

The venue only has seating for graduates and faculty members; no seats are provided for accompanying attendees.

However, accompanying attendees may stand quietly in a limited space at the rear of the venue to observe the ceremony, provided they do not interfere with proceedings.

If accompanying attendees enter the venue, please ensure they fully understand this policy and view the ceremony respectfully, yielding space to others.

Additionally, for those with many belongings, those wishing to sit, or those accompanying small children, a separate room for live streaming will be provided on the same 8th floor in the GSID building.

Doors open at 1:00 PM. Capacity: approximately 40 people. No food or drink allowed.

Seating is also limited here, so please be considerate and share the space.

As this is an important ceremony, we ask for your understanding and cooperation to ensure it proceeds smoothly.

For attendants of University Ceremony, please refer to this page.
